

RELEASE FORM

We are honored that you are willing to trust us with the care of your animal. As you are aware, we are not the usual health care clinic. We believe that our pet will be happier and healthier when given homemade diets, bottled water and lots of love.

Comprehensive Animal Health
Care Center

Dr. Alberto G. Gil DVM

Alternative modalities i.e.: Homeopathy, Chiropractic's and Herbs, when health problems occur, can sometimes be less invasive and give the body a chance to heal in a gentler and less traumatic way. It is our experience that these are very successful approaches to modern maladies

However not every problem can be treated successfully with alternative medicine. Sometimes the disease is too advanced.

Occasionally our method fails in spite of our best efforts. We say this not to discourage you, but rather to honestly communicate our limitations. If what has been presented to you is indeed what you wish for your pet, please sign the paragraph of acceptance as follows:

Declaration of Acceptance:

I have read the explanation of the types of treatment offered by the CAHCC and I agree that this type off therapy is appropriate for my pet. CAHCC has my permission to use my credit card to charge against my balance as it is incurred.
